Dear Sir,

I have yours of the 31st ult. asking us to suspend Shipments of blanks for a little while. This morning mail brings a later letter from Mr Wharton saying he had arranged with you that we continue shipping until Aug. 8th. We are glad to hear this — There Quarter Eagles are coming in Very Fast and Confusing the Mint Men, By Continuing Shipments until the 8th we can clean up Stock in Office rooms, press rooms etc, save the annoyance of gathering it up in its various Stages of Manufacture & sending it back to Rolling Mills. I thank you for the Consideration —

Yours truly
C. P. Goss Treas

Dear Sir

I have yours of the 31" ult., asking us to suspend shipments of blanks for a little while. This mornings mail brings a later letter from Mr. Wharton saying he had arranged with you that we continue shipping until Aug. 8" – we are glad to hear this – These sudden stops are expensive to us and confusing to the mill men. By continuing shipments until the 8" we can clean up stock in dip rooms, press rooms etc. & save the annoyance of gathering it up in its various states of manufacture & sending it back to rolling mills. I thank you for the consideration.

Yours truly,
C.P. Goss
